TOOK SUGAR OF LEAD.

Amanda Kash Tried to Kill Herself Yesterday Afternoon.

Amanda Kash, colored, drank the contents of a bottle containing sugar of lead yesterday afternoon at her home on Fourth street East of Plum.

Yesterday morning she received a letter from her youngest daughter, "Sis" Kash, which informed her that "Sis" was doing time in the Cincinnati Workhouse.

That threw her into hysterics and she decided to end her life by the sugar of lead route.

After the physician arrived she refused to take any medicine whatever and begged him to cut her throat.

Dress Stuffs

\$2½ to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined—silks have also been sheared of all profit. Never a better time to buy a dress, waist, or skirt. Perhaps some neighbor has availed of this sale—ask her opinion of our January bargains—we know her answer will bring you here.

FURS—One-Half!

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history—and from these lowest of low prices we again clip one-half.

A BARGAIN!

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

EVERY WRAP

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

D. HUNT & SON.

"Cheapness"

Without worth is a delusion and a snare. Not a bit of doubt about that. It is one thing to sell good merchandise—Shoes—at low prices and quite another thing to sell cheap stuff. Your own experience tells you which of these inducements is the most profitable in the long run. Our experience is that the people hereabouts want

The..... Best Footwear

They can buy for their money, and our large and increasing trade shows that this policy is proving a winner for us. It is no longer a question of advertising our lines—they now sell themselves—on merit.

The American Line steamship St. Louis had not been sighted at Halifax, N. S., up to 1:30 p. m. yesterday. The steamer Carsbrook, Middlesboro for Baltimore, put in short of coal. The steamer is 12 days out. She lost two boats by heavy seas.

The L. and N. Engineers were in session yesterday at Louisville trying to agree among themselves as to whether or not the terms offered by the road shall be accepted. Both sides are trying to keep proceedings secret. The engineers have not been able to come to any agreement. A minority element is said to favor a strike rather than accept the road's offer, but the conservative element is said to prevail.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville; if the statement given below went the rounds of the press readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated:

Mr. Larmon Dawson, residing at 934 East Second street, says:

"The quick relief from pain in my back which followed the use of Dean's Kidney Pills proved them to possess remarkable powers. I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Pills a trial."

Navigation is still suspended, the river is full of floating ice and the indications are favorable for an early break up and general resumption of navigation. The ice continues to flow freely from Pittsburgh to Cairo. The ice is growing softer in quality and less in quantity, so that a few more days like yesterday will have a telling effect upon it.

GET STRONG Bread

Vinol Makes Weak People Strong.

WE GUARANTEE IT WILL DO SO.

WE KNOW OF NO TONIC OR REBUILDER LIKE IT.

Vinol does create strength.

We know that and have proved it in many instances.

The reason Vinol rejuvenates and strengthens a person is that it acts directly upon the stomach, strengthening and toning up this great vital organ and enabling it to obtain for itself, from the food that is taken into it, the elements which are required to make firm healthy flesh and muscle tissue, sound bone structure and pure healthy blood.

Vinol does this in a scientific way and is enabled to do it because it contains, dissolved in a delicate mild wine, in a highly concentrated state, the active principles of cod-liver oil.

Vinol does not contain any of the grease that formerly characterized cod-liver oil, hence is free from all the objectionable features which made it impossible for patients to take or retain that vile-smelling remedy into their stomach.

Vinol in its favorable action upon the stomach and other organs of the body acts also in a beneficial way upon the nerves and brain, and will be found to be invaluable to brain workers as well as body workers.

The following letter is from a well-known authoress. It reads as follows: "I wish to acknowledge the receipt of the Vinol and testify to its great benefits. Since taking it I am much improved in health, and during the intense heat of last August I should not have been able to continue in my literary work if it had not been for the strengthening properties of Vinol. Yours in gratitude." —ELLA STARR, 106 W. 82d St., N. Y. City.

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol.

Try it on our recommendation, and if you find it does not do everything we claim for it, we will gladly refund to you the amount you have paid us.
